Nature of Contract: *(Briefly describe the general terms of the contract)*

This is a request to 1) approve a contract with the State of California, Department of Health Services in the amount of \$990,089 for Medi-Cal Outreach services during January 1, 1999 – September 30, 1999, and 2) approve an increase in expenditures and revenue for FY 1998-99 for the Department of Public Health in the amount of \$671,078. The State has allocated federal funds to the County to provide outreach and assistance to persons who may no longer be eligible for welfare benefits under federal welfare reform, but remain eligible for the Medi-Cal Program. On December 15, 1998, the Board authorized the submission of an application for the funds by the Department of Public Health. The Department's application including the Department's workplan has been approved by the State. Services include locating staff in Welfare offices to assist in application completion and language translation, developing information and referrals to be included in a current electronic kiosk project, and providing information, application assistance, and assistance with transportation and child care through subcontracts with community-based agencies.

Approval of these actions will impose no additional cost on the County. The contract provides an increase in funding of \$671,078 over the Department of Public Health's approved FY 1998-99 budget.
